

New Student Referral Program

Fill the school with your friends and family!

Do you know other students who should attend Creative Montessori Academy?

We now have referral cards that current CMA families can give to a student they are referring. The referral card will be collected with the student's enrollment documents. After count day, the referring parent will get a \$50 gift card for each student who is referred and stays through count day.

There are many benefits to referring someone you personally know to your favorite school:

- » You get to learn alongside your friends.
- » A friendship has already been created between you and your referred student.
- » You will be **rewarded \$50** if the student attends through the next count day.

Pick up your student referral cards in the office today!

**Note, both your student and the referred student needs to be enrolled on Count Day in order to get the \$50 referral gift card.*
